## Program Details

Schedule a 45 minute program featuring a story with interactive audience participation. The stories are followed by a visit with an animal or nature related activity. Programs are for families with young children.

### AVAILABLE STORIES:

#### "Are You My Mother"

By P. D. Eastman

This classic story is about a baby bird that falls from its nest. It teaches nature and life lessons in a very fun way.

#### "The Lonely Scarecrow"

By Tim Preston

How does a scarecrow with no friends become the most popular character in a farmer's field? Meet a scarecrow and an animal that may be frightened by one.

#### "The Very Hungry Caterpillar"

By Eric Carle

This very popular book depicts a growing caterpillar and its metamorphosis. After the story there will be a fun hands-on activity, a little game and discussion.

#### "The Best Nest"

By P. D. Eastman

A charming book about how and why animals build their nests where they do. See some actual nests and learn about the animals that built them.

#### "Who Said Moo?"

By Harriet Ziefert and Sims Taback

Join a chicken who roams a farm to find out who made the sound it heard. Meet a chicken and learn about what it is like to care for them.

#### "Those Darn Squirrels"

By Adam Rubin

This is a new funny story about a man who is trying to keep squirrels away from his bird feeders. A quick lesson on how to have a backyard bird feeding station follows.

#### "The Giving Tree"

By Shel Silverstein

Once a tree starts to grow, it will never die unless you let it. The tree in this story lives on even when it is cut down. See how to reuse wood in our everyday lives.

#### "Bear Snores On"

By Karma Wilson

This is a story about a hibernating bear that will not wake up for his friends. Learn about what animals do to survive through our winter months.
